

Dear ESBC 2022 participants,

Transportation of balls during the ESBC 2022 is a challenge and requires attention and cooperation by all players.

Players with a pick-up at BER airport or at the railway station will take their balls to the bowling centres first. Male bowlers shall be aware that **all** their balls will be brought to the Hasenheide bowling centre. When unloading the balls there, each bowler must indicate whether his balls shall stay at Hasenheide or shall be forwarded to the Bowlplay bowling centre. Please check your assignments at <https://esbc2022.eu/participants.html> before arrival to find out at which bowling centre you will need your balls first (Hasenheide = A singles, A doubles and all trios / Bowlplay = B+C singles, B+C doubles). All balls of female bowlers will be brought to Bowling World and need to be stored at the ball room there individually (see the location in the attached map). Afterwards, the shuttle buses will go ahead to the hotels.

Players staying at one of the official hotels and arriving there individually can drop their balls at a dedicated storage area next to the reception desk. Balls will be picked up from there and be brought to the bowling centres according to the attached schedule.

All players not staying at one of the official hotels need to arrange ball transportation between the hotel and the bowling centre on their own.

During the competition week, some male bowlers will play at both Hasenheide and Bowlplay (see <https://esbc2022.eu/schedule.html>). If you would like to have your balls taken from one centre to the other, please drop your bags at the dedicated area at each centre.

Starting on Thursday, balls will be taken back to the hotels. Please check the expected arrival time of your balls in the attached schedule and remove your bags from the storage area to your room shortly afterwards as there is limited capacity only and also to make sure that you have them ready at your departure pick-up.

For participants in the Masters finals, balls will be brought from Bowlplay and Bowling World to Hasenheide according to the attached schedule.

**Whenever balls shall be taken from a hotel to a bowling centre, from one bowling centre to another or from a bowling centre to a hotel, you will need to indicate the destination of your bag with a coloured bag tag as shown below. You will receive these tags at the counter in every bowling centre or at the reception of the official hotels.**

After the Masters finals, there will be a shuttle bus leaving to the official hotels. This bus is provided for the participants in the finals only as they must take their balls to the hotels on their own.

We appreciate if everybody who is able and willing to take care of his or her ball logistics on their own indeed does so.

The ESBC 2022 logistics team
